Self Introduction

- Hi, I'm hohno-46466 (@hohno_at_monkKB)
- I am interested in computers and Internet technologies in general. Recently, I have been actively involved in a project on "quantum communication".
- I'm currently learning Visual Studio Code. Because I have been using vi and emacs for over 35 years without any complaints. But now I want to know a "modern" text editor.
- I'm looking to collaborate on the field of translating our shell script technologies (including "POSIX centric approach" and "Monogramming2") into English

自己紹介

- こんにちは hohno-46466 (@hohno_at_monkKB) です。
- コンピュータとインターネット技術全般に興味を持っていますが、最近は「量子通信」についてのプロジェクトに積極的に関わっています。
- 最近 Visual Studio Code を使い始めました。実は、vi と emacs を不満なく 35年以上使ってきたのですが、「現代的な」テキストエディタを知りたくなったのです。
- 現在、私たちのシェルスクリプト技術（「POSIX中心主義」や「ものグラミング2」を含みます）を英語に翻訳してくれる協力者を探しています
